TO CROSS
PACIFIC
SAN FRANCISCO, September 26.—
An ocean race between San Francisco
and Honolulu is a certainty in the
near future.
T. W. Hobron, commodore of the
Hawaii Yacht Club, is in the city to
promote what promises to be an event
that will attract attention all over the
world.
"The Hawaii Promotion Committee
is to give a magnificent trophy for a
yacht race between San Francisco and
Honolulu similar to the recent Atlantic
race," said Commodore Hobron yester-
day. "The Hawaii Yacht Club, which
has a membership of 100, is very en-
thusiastic over the proposed race, and
it will doubtless be represented by the
best yacht in the islands."
It was originally intended to have a
deep-sea race between Japan and Ha-
waii, but there are certain obstacles
which could not be overcome. The San
Francisco-Honolulu race was then
spoken of and met with such favor
that the Promotion Committee an-
nounced its willingness to give three
prizes. The trophy for the winning
yacht will have a value exceeding \$500.
The distance between San Fran-
cisco and Honolulu is 2089 miles and can
be negotiated by a yacht in eleven days
under the most favorable conditions.
Sailing vessels have made the trip in
nine days. Commodore Hobron has
done some missionary work and is con-
fident that at least six yachts will com-
pete. It is intended to hold the race
next June, when the weather condi-
tions are said to be the best and there
are northeast trade winds. As owners
of boats of different sizes will com-
pete, a system of handicapping will
prevail, arranged doubtless by the Pa-
cific Coast Yacht Club.
It is altogether too early to give an
idea of the probable contestants, but
the Hawaiian promoters expect the
Lurline, Nixie, Lady Ada and Martha
to enter. It is doubtful if Lady Ada will
be a contestant. Gus Newell would like
to participate, but he fears that he can
not get away from business for the
time the race would take.
H. H. Sinclair, the Pasadena yacht-
ing enthusiast, sailed around the South
seas last year on the Lurline. He was
most pleased with his trip and is al-
most sure to take part in the deep-sea
race between San Francisco and
Honolulu.
It is also said that the Atlantic win-
ner of the deep-sea race on the other
side of the water, may enter for the
San Francisco-Honolulu race. In this
event the race would create general
interest in yachting circles all over the
world. A number of small yachts, in-
cluding the Casco, Josephine, Volante,
Tolna and Rover, have sailed over the
course.
There are twenty-seven yachts in
the islands, many old-time San Fran-
cisco favorites being included in the
list. Among others might be men-
tioned La Paloma, Old Spray and Hon-
dle Dundee, which was built for ex-
Governor Dole. The island yachtsmen
have gone in for deep-sea yachting,
and trips between the islands of 100
and 150 miles are of common occur-
rence. La Paloma recently figured in
a trip of 800 miles around the islands.
After Commodore Hobron returns to
the islands Allan Dunne will attend to
the many details connected with the
proposed ocean race.
The project of a trans-Pacific yacht
race was raised at a recent meeting
of the Hawaii Promotion Committee,
and a letter was written to Commodore
Hobron, who was at the Coast.
That the suggestion has been well
taken hold of, the above dispatch indi-
cates.
Secretary E. M. Boyd of the Pro-
motion Committee, stated yesterday
that he had received a letter from T.
W. Hobron in which he said that a
race to Honolulu was in sight for next
June and that he thought there might
be sixteen or twenty entries.

CAPT. SAUNDERS LOSES HIS SHIP

Something of a sensation was sprung
on the Honolulu friends of Captain
Saunders of the big Pacific Mail
Steamship Manchuria on receiving
news by yesterday's mail that he had
lost his command and was no longer
an American citizen, his papers having
been canceled at San Francisco. The
popular commander has decided to
fight the matter, and he will have full
sympathy from his large coterie of
friends here. The San Francisco Call
of September 18 tells the story as fol-
lows:
Not small fish only have fallen into
the net of the Government, but a big
one now and then has tumbled in, by
way of illustration of the blindness of
justice and the impartiality of the
United States secret service men in
their efforts to unearth the parties
concerned in naturalization frauds. The
most important victim of the week
was Captain James William Saunders,
master of the Pacific Mail Steamship
Company's steamship Manchuria. Cap-
tain Saunders surrendered his natural-
ization papers yesterday to United
States Secret Service Agent John H.
Helms and they were ordered cancel-
ed. His American license as master
suffered the same fate. Captain Saun-
ders was not placed under arrest, he
having convinced Agent Helms that he
had applied for naturalization under an
erroneous belief that he was entitled
to become a citizen at the time he made
the application.
Captain Saunders was born in Nova
Scotia in 1849 and became a seaman
at the age of 15 years. In 1873 he ob-
tained an English master's license at
St. Johns, New Brunswick. He served
for several years on Nova Scotian
vessels plying between New York and
Nova Scotia and was married in Brook-
lyn, N. Y., in 1873. On June 22, 1886, he
became naturalized on the statement

A Perilous Town.

Barney Oldfield, the automobilist,
was talking of a trip he once made
through Manitoba.
"The most dangerous town in Man-
itoba," he said, "is Brandon. Har-
grave is near Brandon, and on the out-
skirts of Hargrave, in front of a little
inn, I dismounted.
"I found the landlord and another
man sitting on a bench. They were
both very old.
"Excuse me, landlord," I said, "but
can you tell me how far it is to Bran-
don?"
"The old man jumped up and hobbled
behind the bar.
"Brandy?" he said, in a thin quaver.
"Yes, indeed, sir, and very fine brandy
it is."
"He put a bottle and a glass before
me.
"I asked you," I said, more loudly,
"how far it is to Brandon?"
"The best brandy, of course, sir,
he answered. 'I don't keep nothing
but the best.'
"In despair I turned from this deaf
veteran to the other old man on the
bench.
"Look here," I said, "can you tell
me how far it is to Brandon?"
"The old man, with a grateful look,
rose and limped hastily up to the bar.
"Thanks," he said, "I don't care if
I do."
Ivor Lawson, the champion bicyclist
of the United States, was a passenger
aboard the S. S. Sierra, en route to
Australia where he goes for a season's
racing.
That he had become a resident of the
United States while a minor. Such,
however, was not the fact, and his nat-
uralization was therefore void, al-
though at the time he believed that
he was following the law. He arrived
in San Francisco in 1891 on the En-
glish steamer Sirius, and a year later
entered the service of the Pacific Mail
Steamship Company. He is now dis-
qualified from serving as an officer on
an American vessel until such time
as he may be able to become natural-
ized anew.

CUTICURA REMEDIES THE SET

Consisting of CUTICURA SOAP, to cleanse the
skin, CUTICURA Ointment, to heal the skin, and
CUTICURA RESOLVENT, to cool the blood, is
often sufficient to cure the most torturing, dis-
figuring skin, scalp, and blood humours, rashes,
itchings, and irritations, with loss of hair, when
the best physicians, and all other remedies fail.

Millions of Women Use Cuticura Soap

Exclusively for preserving, purifying, and beautifying the skin, for cleansing the scalp of
crusts, scales, and dandruff, and the stopping of falling hair, for softening, whitening, and
soothing red, rough, and sore hands, in the form of baths for annoying irritations, inflam-
mations, and chaffs, or too free or offensive perspiration, in the form of washes for
ulcerative weaknesses, and for many sensitive and delicate purposes which readily suggest
themselves to women, and especially mothers, and for all the purposes of the toilet, bath,
and nursery. No amount of persuasion can induce those who have once used it to use any
other, especially for preserving and purifying the skin, scalp, and hair of infants and
children. CUTICURA SOAP contains delicate emollient properties derived from CUTICURA,
the great skin cure, with the purest of cleansing ingredients and the most refreshing of
flower colours. No other medicated soap ever compounded is to be compared with it for
preserving, purifying, and beautifying the skin, scalp, hair, and hands. No other foreign
or domestic toilet soap, however expensive, is to be compared with it for all the purposes
of the toilet, bath and nursery. Thus it combines in ONE SOAP all ONE PRICE, the BEST
skin and complexion soap, the BEST toilet and BEST baby soap in the world. Sold through-
out the world. "All about the Sea," post free of Agent Depot: R. TOWNS & CO., Sydney,
N. S. W., Sole African Depot: LINDSAY LTD., Cape Town. POTTER DRUG AND CHEM.
CO., Sole Props., Boston, U. S. A.

of Moscow University.
Leon Martin is the man who has remarried Nan Patterson. The bride was
given away by her father.
In moving to new quarters the Chicago Health board accidentally let loose
a colony of disease germs.
The disturbances in Cavite may end by the death of Felizardo, the chief,
who jumped over a cliff and was killed.
The missing land fraud witness in the Oregon cases fell over a precipice
and was lost in the woods for a fortnight.

TEACHERS CAUTIONED TO PRACTICE STRICT ECONOMY

The following circular has been issued from the Department of Public
Instruction:
Honolulu, September 25th, 1905.
To all School Agents, Principals of Schools, Teachers and Pupils:
The Department of Public Instruction finds itself in the position of having
to equip and supply a larger number of schools than at any previous period,
while at the same time the appropriations of money for these purposes are
smaller than heretofore. Particularly the appropriation for Industrial and
Manual Training for the current biennial period is exactly half the appropria-
tion under that head for the biennial period ended June 30th, 1905, and the
appropriation for Stationery and Incidentals is less than half that for the
previous biennial period. The Department believes that a consideration of
these facts should make it apparent to all persons having the furnishing, the
care, or the use of school supplies that it is urgently necessary that the strictest
economy be practiced in the distribution and use of supplies if the schools are
not to suffer detriment from the necessary cutting off of some kind of supplies.
It is requested that principals of schools will avoid, as far as practicable,
frequent requisitions, as shipping in small quantities entails increased cost for
packing, cartage and freight. And they should see to it that no habits of
waste are acquired either by teacher or pupils. In making requisition principals
of schools are requested to estimate conservatively for a full year's supply
of everything required by them. These requisitions should be addressed to
the School Agents in the respective districts.
The Department relies on the hearty co-operation of all in this matter for
the good of the schools.
Yours sincerely,
(Signed) JAMES C. DAVIS,
Superintendent of Public Instruction.
